

Com.-No. 2276

CNC – Roller Feed Type SRF-300-M

Technical Data:

Strip width capacity	300 mm
Strip width	min 5 mm
	max 300 mm
Strip thickness	1. 0 – 3,5 mm
	2. 0,75 – 4,75 mm
Roller diameter	90 mm
Number of rollers	2 pieces
Roller lifting	pneumatically
Feed speed	max 120 m/min
Feed length, adjustable	up to 10.000 mm
Feed accuracy	max +/- 0,5 mm
Service voltage	380 Volt
Control voltage	24 V
Control	CNC – one axle control
Height of strip entry	according to your indications
Direction of strip entry	according to your indications, i. e. from the left or the right side
Year of construction	n e w

Price + delivery time:

on request

Errors excepted.

All technical data, dimensions and so on are according to the indications of the manufacturer and are without obligations for us.

Subject to availability and interim sale.
